Proceeding of Amrit Interns Orientation programme

Krishi Vigyan Kendra, Raisen. Madhya Pradesh organized a one day Orientation programme for Amrit Interns on 10/04/2023 at the KVK, Raisen campus. The programme was chaired by Dr. Rajeev Ranjan, Director ICRO, New Delhi and moderated by Dr. Swapnil Dubey, Senior Scientist and head, Krishi Vigyan Kendra, Raisen. The programme was attended by Shri N.P. Suman, DDA Raisen, Shri Dushyant Dhakad, ADA Raisen, Shri. Nitesh Kumar Sharma, Sr. Regional Manager, IPL, Bhopal, Shri Manoj Raghuwanshi, Sales officer, IPL and all KVK Scientist.

In his opening remarks, Dr. Rajeev Ranjan, Director ICRO, New Delhi virtually extended warm welcome to all the participants and emphasized upon a role to be played by IPL Programme. He told about the ICRO activities in the past years, objectives, expectations of the internship programme from interns. In opening remark he said that IPL and National Productivity Council have jointly launched for social responsibility. In this module, problems in Indian agriculture, cropping pattern, crop rotation, integrated crop production techniques, advanced agricultural techniques, rain water harvesting, soil health, climate change, horticulture crops, farmer producer organizations, post-harvest value addition, etc. have been included through which information will be given to the farmers. Which they can increase their income by Knowledge and Important information as Govt. Scheme.

Deputy Director Agriculture Shri N.P. Suman said that after harvesting of Paddy, Wheat, Gram, Lentil crops in Raisen district can be earned additional profit by value addition through setting up a processing unit of Rice mills, mini dal mill, etc. DDA also focused on about various schemes and activities and explained by department of agriculture in Raisen, Madhya Pradesh.

Dr. Swapnil Dubey said that the objective of this program is to make farmers aware to increase agricultural productivity and ensure environmental stability and conservation of natural resources.

Shri. Nitesh Kumar Sharma told to interns about how to collect the data from farmers and how to deal farmers with good behavior because your nature and skill help to collect data easily from farmers. He also share his past experience and knowledge with all interns.

Mr. Pankaj Bhargava, Programme Assistant (Computer) had conducted hands on training session on registration of interns online in coordination with Mrs. Nidhi Singh, ICRO, New Delhi. Mr. Alok Kumar Suryawanshi, Subject Matter Specialist (Agriculture Extension) and coordinator of programme handled the session on filling the questionnaire and interacted with the students and cleared the doubts raised by the interns.

A total of 35 Interns (appx.) from 12th Agriculture and allied science of Raisen district participated in the programme with the financial support of ICRO, New Delhi. At the end of the programme, Dr. Anshuman Gupta, PA (Veterinary Science) concluded the event with a vote of thanks.
